### THE OWNER COMMENTS

The chalet is situated close to the centre of Veysonnaz at 1400m with stunning views of the mountains and Rhone Valley. It has recently been refurbished and features 4 bedrooms (1 double and 3 twin) and two luxury bathrooms. There is additional sleeping or living space on the mezzanine. The large open plan living/dining room features a stunning open stone fireplace and has the most spectacular views over the Rhone Valley. The chalet is fitted with a modern kitchen. The breathtaking views can be appreciated from the large wrap around balcony and terrace, great for al fresco dining and barbecues in the summer. There is also a west facing sunny garden. The chalet is situated 8 mins walk to the main shops on the high street and 3 mins by car to ski lift.

Access - The chalet has two parking spaces located approximately 70m from the chalet. Access to the chalet is on foot from the parking spaces along a path.
